Dr. J. Cash,
Scottish National
Blood Transfusion
Headquarters,
Ellen's Glen Road,
Edinburgh.

Dear Dr. Cash,

Size of Factor VIII Vials

As you know for some time I have been keen to receive batches of factor VIII of vials containing 250 i.u./bottle. At Dr. Boulton's suggestion I have canvassed opinion around Scotland and Northern Ireland. You will see from the enclosed letters that with one accord, my colleagues would like vials containing 250 i.u.

Would it be possible to achieve this small change in your policy by aiming to have a content of 250 i.u./per vial instead of the present 200 i.u./vial.

With best wishes,
Yours sincerely,

GRO-C
