Subject: Re: Peter Burney's letter concerning hospital appointment for liver procedure

Hi Chris

Thank you for your reply concerning financial help with cost of hospital stay starting on the 16/6/19,

It's difficult to say how much financial help will be needed as we don't know at this stage how many days I will be in or if there may be complications due to my existing cirrhosis, I will outline some of what may be needed,

Taxis to and from hospital for me,

Taxis to visit me for my wife,

Possibly hotel accommodation, for my wife,

Sustenance for my wife whilst at the hospital,

Also any additional payment you would make for the recovery period,

There will also be more expense for me for things I will need for my stay as an inpatient.

I would estimate hotel cost to be approx £90 per night,

I don't know how this works but if you would like to award an amount based on the information above, then that's fine,

Thanks for the positive reply and your understanding in this matter.

Dear Pete

Thank you for your call and email to us.

Further to our call, it is possible that we can assist you and your wife with travel and accommodation costs whilst you are in hospital.

In order to allow us to look further into this, please could you provide some information by reply to this email about any travel and accommodation arrangements you may require. If you can provide as much information as possible this will allow us to look into how we can best support you during this time.

Kind regards

Chris Boddy
