INFECTED BLOOD INQUIRY

SECOND WRITTEN STATEMENT OF MYLES HUTCHISON

I provide this statement in response to a request under Rule 9 of the Inquiry Rules 2006 dated 20th September 2022.

I, Myles Hutchison, will say as follows:-

1. Since providing my first statement, I have been provided with a copy of Professor Christopher Ludlam's response to my statement and I wish to make further comments in light of this.
2. With regard to Professor Ludlam's response regarding skin testing, I would comment as follows. I can confirm that there were skin tests, and my brother, Paul, recognises the diagram of the needle produced by Professor Ludlam as an exhibit to his response at WITN3428043. However, there were occasions when a larger device was used.

Statement of Truth

I believe that the facts stated in this witness statement are true.
