Gerard,

MS(PH) has seen SofS comments and has asked for some further information please before she makes a final decision on this.

She has asked please how much it would cost to have an independent commentary on all the papers and also realistically, how long it would take.

Grateful for an answer in a format I can put to MS(PH).

Many thanks

Subject: SofS on call for public inquiry  Re: note for

Jacky, Becca,

SofS has seen the below and commented that if MS(R) and MS(PH) really believe an independent commentary is worth it, and affordable, then she is content. However, she feels that it will fuel, not deflect, calls for a public enquiry - which we are absolutely right not to do.

Thanks,
Jennie

Hi Jenny,

Please find attached a note submitted jointly from MS(PH) and MS(R) regarding the call for a public inquiry on infected blood products.

I understand Lord Warner would like to get an announcement out quickly on this issue.

Many thanks
