Dear Mr Evans,

Thank you for your letter of 10 November, regarding a framework for compensation for people infected and affected by infected blood.

I can assure you that my officials continue to work with colleagues in the Department of Health and Social Care, on the separate issues of parity and a framework for compensation, and I hope to be able to update campaigners on this in the New Year.

I want to assure you that of all the responsibilities I have, this issue is the most fundamental. I will do everything I can to ensure people are properly supported and that the Government meets its commitment to consider a framework for compensation.
