Churchill Hospital,  
Headington, Oxford.

Dear Dr. Matthews,

Jason Peach GRO-A 69

GRO-A

For your information, I enclose copies of:-

- 1) His bleeding episodes and transfusions so far this term
- 2) Laboratory results

He was tested for Anti HTLV 3 for the first time on 13.1.84 and was found to be positive.

Jason attends physiotherapy and polygym sessions regularly and works well. In spite of this he has not regained his left elbow's full range of movement and will be seeing Mr. Browne on 22.3.85 for assessment.

Kind regards.  
Yours sincerely,

GRO-C
