## **INFECTED BLOOD INQUIRY**

---

### **WRITTEN STATEMENT OF PROFESSOR CHRISTINE ANN LEE**

---

I provide this supplementary statement in response to a request under Rule 9 of the Inquiry Rules 2006 dated 5 September 2019 in relation to the witness statement of Witness 1591 ("MW"). This statement should be read in conjunction with my first statement dated 10 June 2021 **[WITN0644128]**.

I, Professor Christine Ann Lee, will say as follows:

1. I make this statement following receipt of minutes of the formal complaint meeting to discuss the care of MW held on 2 May 2008 at the Royal Free Hospital **[WITN0644181]**. I did not attend this meeting.
2. These minutes record the following regarding the care that I provided to MW:
  - a. *"MW began [sic] by explaining that Professor Lee, of the haemophilia department, had formerly been responsible for his care and that he had been very satisfied with the way she had managed his care."*
  - b. *"MW highlighted that when he had been under Professor Lee's care, all of the other clinicians had reported back to her and this had seemed to work very well."*

### **Statement of Truth**

I believe the facts statement in this witness statement are true. I understand that proceedings for contempt of court may be brought against anyone who makes, or causes to be made, a false statement in a document verified by a statement of truth without an honest belief in its truth.
