INFECTED BLOOD INQUIRY

THIRD WRITTEN STATEMENT OF BARONESS JANE CAMPBELL

I provide this third supplementary statement in response to a request under Rule 9 of the Inquiry Rules 2006 dated 4 March 2019.

I, Baroness Jane Campbell, wish to add additional information to my statement as follows:

1. I would like to make an amendment to my witness statement signed 3 June 2019 and supplementary statement of the same date, following receipt of my late husband's medical records.
2. On reviewing Graham's medical records I have noticed some date discrepancies regarding the testing and diagnosis of Graham's HIV infection. According to his medical notes, he was first tested for HTLV III and Hepatitis B on 19 March 1985. The notes indicate that he was subsequently informed of his infection sometime in June 1985 (the actual date is unclear) and not in 1987 as I first thought and as stated at paragraph 16 and 22 of my initial statement. I provide the relevant sections of his medical records to the Inquiry. **WITN06640016**
