INFECTED BLOOD INQUIRY

SUPPLEMENTARY WRITTEN STATEMENT OF BRYAN HARRIS

I provide this supplementary statement in response to a request under Rule 9 of the Inquiry Rules 2006 dated 22 July 2019.

I, Bryan Harris, wish to add additional information to my first witness statement dated 22 July 2019 as follows:

1. I would like to make an amendment to paragraph 18 of my witness statement dated 2019, regarding the date of my blood transfusion, following the review of documents in relation to an EIBSS application I am in the process of submitting.
2. I have subsequently noticed that at the time of signing my witness statement I made an error regarding the date of my blood transfusion recorded in paragraph 18 which I would like to amend by way of this supplementary statement.
3. I am now in a position to confirm that the year of my blood transfusion was 1987 and not 1989 as previously stated in my statement dated 22 July 2019.

4. I would also like to add that I have been liaising with both Northampton Hospital and the University of Leicester to obtain my medical records. After much back and forth, I eventually obtained a copy of my records on microfilm, however, I believe these to be incomplete as they contain no nurses notes, nor any mention of transfusions.
5. I have found it very difficult to communicate with the University and have found them to be uncooperative.

Statement of Truth

I believe that the facts stated in this witness statement addendum are true.
