Mr. P. GRO-B

GRO-B

Notts.

Dear Paul,

I have now received the results on all the tests we carried out on your recent blood samples, including one result I have only just received from a Specialist laboratory in London. I should like to briefly discuss one or two of these results with you personally. Could you therefore please come to see me for a short time one day next week. Please telephone my secretary to arrange a time convenient to you and during my working hours.

With best wishes,

Yours sincerely,

Dr. T. E. Blecher,
Consultant Haematologist.
