INFECTED BLOOD INQUIRY

SECOND WRITTEN STATEMENT OF MATTHEW JOHNSON

I provide this statement in response to a request under Rule 9 of the Inquiry Rules 2006 dated 2 April 2019.

I, Matthew Johnson, will say as follows: -

1. I make this statement in addition to my statement of 19 December 2018 (WITN1057001) and for the sole purpose of exhibiting documents which I refer to in that statement.
2. In this regard:-
 - a) At paragraph five of my first statement, I refer to a letter dated 11 August 1986 written by Dr J M Matthews; I attach a copy of this letter marked WITN1057003.
 - b) At paragraph six of my first statement I made reference to a table that records the concentrates which were administered to me between 1981 and 2000; I attach a copy of that table now marked WITN1057004. I

also note that this table records concentrates which were administered to me in hospital; a similar table exists which records the treatments I received at home and a copy of this table is exhibited now and marked WITN1057008.

- c) At paragraph twelve of my first statement I refer to a letter dated 18 June 1990 which records that I had been tested for HCV in September 1989; a copy of this letter is now attached and marked WITN1057005.
- d) At paragraph twenty of my first statement I discuss a letter that I received from the Oxford Radcliffe Hospitals, dated 20 September 2004, which discusses my possible exposure to NvCJD. I attach a copy of this letter, marked WITN1057006;
- e) At paragraphs twenty-two and twenty-three of my first statement, I go on to mention an email I sent dated 26 October 2004 and a response which was made by Dr Giangrande the same day. I should clarify that my email was actually dated 25 October 2004 and whilst Dr Giangrande's response refers to my email being of the same date, his letter is in fact dated 26 October 2004. In any event, I exhibit both my email and the response as WITN1057007.

Statement of Truth

I believe that the facts stated in this witness statement are true.
