PENDING PROCEDURE NOTIFICATION

GRO-B

/1974

GLASGOW

GRO-B

As a precautionary measure, as directed by the Department of Health, the above patient has been categorised as "at risk" for onward transmission of vCJD.

It is therefore essential that any surgery or other invasive procedure is discussed with the Infection Control Nurse prior to the procedure as it may be necessary to use disposable instruments.

emergency surgery has been performed without prior discussion with Infection Control Nurse, all reusable medical devices should be quarantined until discussions can take place.
