

PQ 1136

LORDS ORAL - for answer on 30 January

Question: The Lord Tordoff: To ask Her Majesty's Government whether they will reconsider their refusal to compensate non-haemophiliacs infected with the AIDS virus through contaminated NHS blood transfusions.

**Suggested Reply**

My Lords, the Government is not convinced that it would be right to extend the special financial provision it has made for haemophiliacs to people who have been infected through blood or tissue transfers.
