Karin,

Thanks for your e-mail. The next meeting of The Forward Planning & Monitoring Group will be held on Monday 26 April at 11am in room 578D Skipton House (a sandwich lunch will be provided). I am attaching for your information a note that Frank Hill prepared following the last meeting and which has been circulated to members of the group.

I should be grateful if you could please confirm who will be attending.

Thanks  
Zubeda

Hello Zubeda,  
I realise that we have not nominated a Haemophilia Society rep to be part of the monitoring process, an oversight, as we clearly have a great interest in monitoring.  
Frank Hill tells me there is a date for a meeting in April, could you let me know what it is please. As I will have left the Society for my new job by then, I will nominate one of our information and advice staff to attend - and Chris Hodgson for the patient viewpoint.  
look forward to hearing,

Karin

Dear Richard,  
I have also heard from some centres where they have been very uncomfortable with ordering stock to be carried over to the next financial year. I, or Frank, will provide a note by tomorrow morning in support of the practice, which you may edit if you think it needs alteration.

The skiing was great fun, thanks. I was a bit apprehensive, having not done it before, but did some general training in advance and it went very well.

best wishes,

Charlie

Charlie

Thanks for the note. We are getting wind of some auditors challenging the notion of ordering 5 months stock. Can you provide us with a note on behalf of UKHCDO stating that the holding of such stock is good management practice for Haemophilia Centres. Thanks

Hope the skiing went well

Kind regards

Richard

Subject: RE: Recombinant for

Dear Emily,

Sorry,

I was away skiing. The letter seems fine anyway and is entirely in line with messages we have also sent out recently. It seems clear that some PCTs are sitting on the money and not releasing it. far more administrative problems than we expected were encountered in relation to this. Some trusts were also uneasy. In Manchester we have completed the rollout and ordered a full five month supply. In many other areas they have hardly started.

best wishes,

Charlie

Richard

Many thanks, I have spoken to Lynne Dewhurst at the Manchester Royal Infirmary who has agreed to send the letter out to the UKHCDO members today.

I have tried to speak to Prof Frank Hill and Dr Charlie Hey before sending this letter out, however they are both unavailable until Monday and it need to go out ASAP.

Regards

Emily
