Jill

I have seen Richard's note to Frank Hill but do not have the draft letter circulated last week that you are referring to. I do not have any of the details of what is being proposed. We could get the judgement any day would you be able to wait a little longer. Subject to understanding more of what it is that is now being proposed it seems to me that if you want to send out anything the judgment we should seek advice from Counsel first on what you want to say. I could come to the meeting on Wednesday but would need to leave at about 11.00 - what do you think?

Davina

Thank you for coming back to us about the proposed meeting with Richard Gutowski on recombinant clotting factors. As the meeting has to be this week the only day possible is Wednesday 3rd December. We will meet at 10.00am in Room 633B SKH to agree the format of the letter to cover Frank Hill's draft letter which was circulated last week.

Davina

I am sorry that you will be unable to attend this meeting. Richard has asked if you have any idea when the Judgement will come out and is your advice still that we don't start the roll out programme until the Judgement is received please?

Thanks

Jill
