Hi Linda

3 points to feed back from the meeting with Roger yesterday:

- RE will write the trustees report for MFT.
- RE doesn't think the archiving policy needs to go to the MFT board and that it's an executive issue. I'd be grateful if you would just let me know what papers you therefore intend destroying before you do so.
- This isn't urgent, but Roger would like to know what the MFT allocation was for the year immediately pre-Archer, and then post-Archer, and if we have any papers on file relating to the negotiations at the time.

Many thanks.

Jan
